RE: Bursary Awards

Dear Colleague,

The National Skills Academy for Nuclear in partnership with the NDA is launching a fourth round of the highly successful Bursary programme in January 2010. These awards will be made to individuals who most successfully demonstrate how they meet the Bursary criteria attached.

Individuals can be nominated either by:

- Themselves
- An Employer
- A University

The value of the award will be determined by the strength and relevance of the applicant in fulfilling the aims of the programme.

If you are interested in this exciting opportunity please apply in writing to the National Skills Academy for Nuclear, clearly detailing your proposal and how it addresses the selection criteria.

I look forward to hearing from you,

Yours sincerely

Jean Llewellyn
Chief Executive
The National Skills Academy for Nuclear
