

N01 Timetable:

Day 1

- Two welcome and introductory recordings
- Neutron and Radiation Physics (introductory Reactor Physics), approximately 5-6 hours

Day 2

- Reactor Systems 1, 6-7 hours

Day 3 and Day 4

- Reactor Kinetics and Radiation Transport (~7 hours apiece, which are probably best viewed alternately, but can be done as one topic per day if required)

Day 5

- Reactor Systems: Accidents, ~4 or 5 hours
